Speaking of events and people

TRUE Temperance

Is not signing a pledge

or taking a solemn oath

that cannot be kept, because

of the non-removal of the cause

—liquor. The way to make

a man temperate is to kill

the desire for those dreadful

artificial stimulants that

carry so many bright intellects

to premature graves, and

desolation, strife and unhappiness

into so many families.

It is a well authenticated

fact that many medicines,

especially "bitters," are

nothing but cheap whiskey

disguised under a

respectable name, and

connected for use in local

temperance societies. Such

is not the case with Brown's

Medicine. It is a pure

and honest medicine, and

is a cure for weakness

and decay in the nervous

system, and for all the

disorders of the blood,

producing good blood, health

and strength. Try one

bottle. You will

be convinced.
